the same germ that produces cancerous ulcers is back of every old sore. The cause is in the blood and as long as it remains the sore will be there and continue to grow worse and more destructive. The fact that thousands of old sores have been cut out and even the bones acraped, and yet they returned, is indisputable evidence that the blood is diseased and responsible for the sore or ulcer. Valuable time is lost in experimenting with external treatments, such as salves, powders, washes, stc., because the germs and poisons in the blood must be removed before a cure can be effected. S. S. S. cleaness and purifies the circulation so that it carries rich, new blood to the parts and the sore or ulcer heals permanently. S. S. S. not only removes the germs and poisons, but strengthens the blood and builds up the entire system by stimulating the organs, increasing the appetite and giving energy to the weak, wasted constitution.
